## CITY NEWS.

—Chancery sales today.  
—Grand jury meets Tuesday.  
—The election is only ten days off.

—The darkies had a picnic at the tobacco yesterday.  
—Every Civil District in the county will have its barbecue during the next ten days.

—The police yesterday arrested five more persons for selling liquor without license.

—The Rev. A. W. Lamar, of the Central Baptist Church, is at present filling a pulpit in Knoxville.

—In the Criminal Court yesterday Calvin Galveston was sentenced to three years in the penitentiary.

—Wm. Vaughn and Besie Allison, Jesse Cammies and Fannie Swaine, were licensed to marry yesterday.

—Frank P. Todd, a Herndon, Miss. murder suspect, was caught at the city yesterday in charge of Sheriff D. C. Key.

—The Atty. Gen. charged a convention will make an excursion to Nashville, leaving the city on the 31st at 10:10 p.m.

—Beale street, in the vicinity of the market house, was densely packed

with darky society members nearly a day yesterday.

—Mrs. J. L. Burdick, after spending several weeks pleasantly with her daughter, Mrs. Simon, in St. Louis, returned to her home yesterday.

—The Circuit Court yesterday rendered a verdict of \$1000 for the plaintiff in the case of Blum vs. Lindemann, the details of which were given yesterday.

—There are about 7000 colored people in the city, who came in on the excursion trains given by the railroads on account of the meeting of the Grand Lodge, Knights of Friendship.

—The foreman is sure to be an attraction during the entire same. A new feature is to be introduced in the shape of an aerial jump. When it rains at least 10,000 persons will be on the ground.

—Some question having been raised as to whether or not Mr. H. P. Hadden would support the Appeal, it is stated that he will do everything in his power to secure the election of every man on it.

—A few demagogues who sit about the door purely to catch their votes, have been making an organized effort to gull the workmen in the various shops, but up to date the crop of simpletons is not very flourishing.

—Mr. Hadden would not himself strike or abuse a woman, especially one who was nursing another beside her own life. It is therefore all the more astonishing and astounding that he would be so lenient to the coward who assaulted his mistress as to let him go free with scarcely a rebuke.

—The average workman may not have time to read up the latest works on political economy, but he has sufficient native intelligence to teach him that nine-tenths out of a hundred of the men who boast of the great services they have performed for the workmen are the merest demagogues.

—A woman, no matter what the errors of her life may be, always appeals to the sympathetic man, and never appeals in vain. Hence it is that the sympathy of the public is against the brutal bully or cowardly ruffian who strikes and kicks a woman. Mr. Hadden should make a note of this for his future guidance.

—Lyons Wallace says his enemies put a job on him in the Republic Convention by circulating a report that he received \$1000 a year for his services as a member of the Legislative Council, and thus beat him out of the nomination. He declares that he is a candidate for Register on the "Lyons Wallace ticket" and thinks he will beat Fields without any trouble.

—Cases of remarkable recovering from or lingering after injuries to the brain are not rare, remarked a leading physician yesterday. "When I first began the practice of medicine here I was called one day to attend a little girl upon whom a tree had fallen. I found the skull cracked in a number of places and took out several pieces of bone. The child recovered and grew up to be a very pretty woman."

—Coroner Coleman is non-committal about the coming election. He will hold the election and count the ballots, but he cannot do the voting. If the Democrats of Shelby county don't want to turn the administration of its affairs over to the Republican horde for the next eight years, they will have to close their doors, pull up their coats and go to work. Luke Warmen will not win, and if the ticket is defeated every Democrat who fails to do a duty will be responsible to the extent of his voice and his influence.

—There is not much whoop and hurrah about this campaign, but the great mass of the Democratic party is thoroughly in earnest and will willingly give Shelby county over into the hands of Lawyer Heynes, the Republican boss and their negro heelers for the next eight years. That much they are determined upon. Hundreds have already expressed a determination to close their stores, go to the polls and allow their young men to go on this day of election and put the ticket through from top to bottom.

I can say of it what I cannot say of any other medicine. I have never heard a customer speak of it but to praise its virtues in the highest manner. I have recommended it in a great many cases of whooping cough, with the happiest effects. I have used it in my own family for many years; it always has a bottle in the medicine chest ready for use."

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.
